Technidyne Announces new Agent for Italy

Technidyne Corporation is pleased to announce that **DITTA ACQUATI G. SRL** is our new representative for **Italy**.

In 2011 **DITTA ACQUATI G. SRL** is celebrating 75 years of activity in the Italian market. This prestigious company, located just outside Milan, is well known for its high quality instrumentation and outstanding service. They offer a complete range of products for the industrial sectors of: paper, plastic films, textiles, plastic materials, rubber, metals, wood, ceramics etc. The technical staff of **DITTA ACQUATI G. SRL** is able to provide personalized solutions for the existing market, as well as for new projects, to meet the technological requirements of their customers.

Technidyne Corporation is a world leader in providing quality control equipment to the Paper Industry. Founded in 1974, the company specializes in laboratory test equipment including the automated paper test system, **PROFILE/Plus™**, and color spectrophotometer, **Color Touch™**. Since its first international shipment to Spain in 1979, Technidyne has shipped products into 55 countries outside of the United States. A sister company, Technidyne Inc. in Canada and a network of independent sales and service agents and distributors in over 30 other countries assist Technidyne in providing equipment to the worldwide Paper Industry.

By creating stronger brand recognition and strengthening our alliance with other key suppliers of quality testing instrumentation, **Technidyne** has become better placed to serve the markets in **Europe**. In order to enjoy the continued smooth operation of your Technidyne instrument(s) we recommend that you receive your parts and service from DITTA Acquati G. SRL your only authorized Technidyne Service Representative in Italy. Having the correct parts and service will ensure that your equipment continues to provide accurate and reliable test results for many years to come.
