## Technidyne Certified Service Engineer – Pierre Rousseau

**Pierre Rousseau** of **TEHPAP** has become the latest Service Engineer to be certified to perform all service and calibrations on Technidyne Instruments. This knowledge allows **TEHPAP** to offer full preventive maintenance and calibration programs, as well as instrument and system installation and technical support. Pierre and his team will be able to provide local service, which means faster response times and lower maintenance costs for Technidyne customers in **France**.

Since 2010 **TEHPAP** has been Technidyne's exclusive representative in France. 'TEHPAP is a commercial company created by the "CENTRE TECHNIQUE DU PAPIER" (C.T.P.) to develop the sale of products performed by its partners.'

**Technidyne Corporation** is a world leader in providing quality control equipment to the Paper Industry. Founded in 1974, the company specializes in laboratory test equipment including the automated paper test system, **PROFILE/Plus™**, and color spectrophotometer, **Color Touch™**. A sister company, Technidyne Inc. in Canada and a network of independent sales and service agents and distributors in over 30 other countries assist Technidyne in providing equipment to the worldwide Paper Industry.
